HEART TO HEART TALK HELD TODAY

Railroad Officials and Mine
Owners at Palmer House

Late Unpleasantness Before Inter-
state Commerce Commission
Said To Be Cause.

NO CHANGE IN I. C. RULES

Without material modification, the coal operators and Illinois Central officials accepted the old rules for the distribution of coal cars, in a meeting held this morning at the Palmer House. For more than four hours the conference between the operators and officials lasted and all of the 23 rules were discussed from every angle. The conference began at 9 o'clock and closed shortly after 1 o'clock.

At 11 o'clock the railroad officials left the conference to allow the operators to discuss among themselves, any changes they might desire, but no agreement could be reached and the conference was resumed. At the close of the conference, both the operators and the railroad officials expressed satisfaction at the adoption of the old rules.

West Kentucky coal mine operators and officials of the Illinois Central road were in conference in the parlors of the Palmer House today. It is said to be a "heart to heart" talk in which the Illinois Central road endeavored to salt down a feeling of hostility manifested among coal mine operators in a recent sitting of Interstate Commerce commission, when charges of discrimination in coal cars were heard by the commission at Louisville. Railroad officials refused to state the object of the meeting.

Railroad Officials Here.
This morning at 7:45 o'clock Mr. O. S. Kolth, superintendent of transportation, and Mr. F. H. Harwood, coal traffic manager of the Illinois Central, of Chicago, arrived in private car, No. 4, which was side tracked at the Eleventh street crossing. They were met by division officials who escorted them to the Palmer House.

Division officials who are here are Supt. A. H. Egan, Roadmaster A. F. Blaes, Trainmaster L. E. McCabe and Chief Dispatcher A. F. Page, the former two of Louisville and latter of Paducah. F. M. North, chief dispatcher, and Trainmaster G. B. James.

The Coal Operators.
Nearly every big mining company in western Kentucky is represented in the conference. Following are those in attendance:

W. G. Duncan, Greenville, Duncan Coal company; W. D. McElhenny, mayor of Central City and president of the Central Coal and Iron company; John B. Atkinson, Earlinton, president of the St. Bernard Coal company; R. M. Salmon, president, and R. J. Salmon, manager of the Hisey Coal company, Hisey, Ky.; Buck Owen, city, president of the Carbonado Coal company; Clarence Martin, Greenville, of the Greenville Coal company; J. W. Lamb, president of the Hillside Coal company, Greenville; R. Morgan Central City, president of the Morgan Coal company, and C. M. Budd, Memphis, of the West Kentucky coal company, and F. M. Fisher, of the Nortonville Coal company.

**MR. COOK HUSBANDS IS
HURT IN A BAD FALL**

Mr. Cook Husbands is still confined to the house from a fall he received Sunday morning at the country home of Mr. O. L. Gregory. While swinging in a porch swing, the chains slipped turning Mr. Husbands backward and letting him fall with his full weight on his head. The injury was serious but he will be out in a few days.

**SENATOR CARMACK CAN
NOT BE HERE AT OPENING.**

Senator Carmack, of Tennessee, has wired the program committee of the Chautauqua that he will be unable to appear here the opening day of the Chautauqua, as it was desired, but will come on his original date, June 21. It was expected to make the opening day momentous with three great speakers but the program for that day must be re-arranged.

WEATHER FORECAST.

Fair tonight followed by increasing cloudiness. Wednesday warmer. Highest temperature yesterday, 71; lowest today, 48.

FLYER WRECKED.

Utica, N. Y., May 21.—One man was killed and a dozen seriously injured as the result of the wrecking of the Buffalo-Cleveland flyer on the New York Central road early this morning. It is reported the wreck was caused by the passenger train running into the wreck of a derailed freight. Baggageman Finley was crushed to death.

BURNS IN MIDLAKE.

Detroit, Mich., May 21.—The passenger steamer Naomil, plying between Chicago and Milwaukee, was burned in midlake at 1 o'clock this morning. Four deck hands were burned to death and several passengers injured. The boat carried 50 passengers who were taken off by the steamer Kansas.

Detroit, May 21.—J. M. Rhodes, of Detroit, was burned when the steamer Naomil was destroyed this morning, and died from his injuries. It is reported here that several passengers drowned in addition to the deck hands burned to death.

ROYAL NURSE.

Madrid, May 21.—Clad in the traditional uniform associated with her official position, since the early days of Spanish history, the nurse of Prince Alfonso assumed the duties of caring for the future monarch today. On advice of her physician, Queen Victoria, after ten days, surrendered the task to another.

CABOONES COLLIDE.

Staten Island, N. Y., May 21.—Two caboones, one containing 20 men, collided on the Pan-Handle road near here this morning. Both caboones were reduced to splinters and 10 men were injured, two fatally.

NEW OCTOPUS.

New York, May 21.—Wall street is daily expecting the announcement of a new railway merger, which will establish a new "Octopus", which cannot be rivaled anywhere except in the Pacific states, where Harlan dominates the situation completely. New England is the field of the contemplated merger.

TROUBLE TONIGHT.

Evansville, Ind., May 21.—The greatest trouble during the street railway strike is expected tonight when the company will try to run cars for the first time at night, since the men went out. All is quiet today. Cars are running as usual without passengers.

IRISH BILL.

Dublin, May 21.—The Irish council bill offered in parliament recently as first concession toward granting home rule, was openly condemned today by John Redmond before the Irish national convention. He moved its rejection and condemnation by the convention.

HEAVY FROSTS.

Cincinnati, May 21.—Reports from many points in Ohio, Kentucky and Indiana, tell of heavy frosts last night, which badly damaged vegetation.

GRAIN MARKET.

Cincinnati, May 21.—Wheat, 97; corn, 59; oats, 40½.

HAYWOOD CASE.

Boise, Idaho, May 21.—Recess was taken today in the trial of W. D. Haywood, for alleged conspiracy to assassinate former Governor Steiensenberg, in order to secure another special venire juryman.

MANAGER TRAIL LEAVES PADUCAH

No Money in Treasury to Pay
Jackson Team

No Deposit Made of Receipts of Last
Two Games—Says He Will
Send For His Tools.

LOCAL BASEBALL IN MIDDLE

Where is E. J. Trail, manager of "The Culley" baseball team?

This question was sprung on a startled baseball public this morning when word reached the Ellis & Williams barber shop, where he is employed, that when he "got located" he would send for his tools. He was at Princeton, when he sent the word, and was still "on his way" when the messenger reached Paducah. His destination is not known, and so far no attempt has been made to locate him.

E. J. Trail is a barber by trade, and had "first chair" in the Ellis & Williams shop at 416 Broadway. He negotiated with Manager John S. Blecker, of the traction company, for the league park privilege. He organized "The Culleys" and took charge. Richard Clements was made treasurer and Mr. L. E. Williams, of the barber shop, ticket seller at the park.

Last night I turned over \$52 to Trail, the gate receipts for Sunday's and Monday's games with the Jackson, Tenn., club," Williams stated this morning.

Keys to the baseball park were sent by a messenger, who brought word that he would send for his tools when located. Trail is not at home.

Manager Blecker, of the traction company, has not decided on what course to pursue about the ball park. Manager John Holland, of the "Independents," is after it, and it is understood he will be given preference. Holland was after the park at the beginning of the season.

The expenses of the visiting team were supposed to be borne out of the gate receipts, and it is not known what will be done about the matter. Treasurer Richard Clements is now making out a statement of the finances.

Treasurer Richard Clements this afternoon made the following statement: "I have finished my statement and there is no money in the treasury with which to defray any part of the expense of the Jackson team. When the team went to Jackson last week, Trail drew out all the money in the treasury. Since then no deposit has been made. Manager Blecker was not behind the team financially."

The Jackson team will go home immediately, cancelling the game for this afternoon.

ARENZ MUST PAY FINE OF \$750

Court of Appeals Sustains Circuit Court in Paducah Commission Co. Case, Charged With Nuisance

GAMBLING IN THE MARKET.

Frankfort, Ky., May 21.—The court of appeals this morning affirmed the judgment of the McCracken circuit court in the case of H. J. Arenz against the commonwealth.

Arenz was indicted for keeping a disorderly house by operating what is called a bucket shop and fined \$750. The court makes the strong ruling that a disorderly house is not necessarily one in which there were breaches of the peace or noise disturbing the public tranquility. It is a disorderly house within the meaning of the law if persons are permitted to gather there and gamble in violation of law, however quietly it may be done. The facts show that the defendant's house was simply an establishment where people bet on the rise and fall of prices.

Arenz was proprietor of the Paducah Commission company, 404 Broadway. He was fined \$750.

ACCIDENTAL WAS WOODRUFF DEATH

Testimony at Coroner's Inquest Throws Little Light on Manner in Which Stevedore Fell Into River

STEAMER HENRIETTA VICTIM.

Miss Robbie C. Woodruff, stewardess on the steamer Henrietta, whose body was taken from the Ohio river opposite Paducah last week, came to her death by accidental drowning. The inquest was held yesterday afternoon about 4:30 o'clock in Guy Nance's undertaking parlors. There was practically no evidence before the jury.

Captain John Summers, the pilot, the engineer and the embalmer who embalmed the corpse, testified. No one saw her fall overboard from the boat, and she was not missed until about 8 o'clock on the night of May 8. The negro cook on the boat heard her complain that she thought she was about to have a second paralytic stroke. It was the natural presumption that she was sitting near the rail when seized and fell overboard.

Last night a negro was arrested who had a pair of gold glasses in his pocket. He claimed they belonged to the "woman drowned off the Henrietta." Captain Summers stated that Miss Woodruff did not wear glasses and did not have a pair to his certain knowledge.

Miss Woodruff left a gold watch, a sewing machine and some money. These will be sent to her brother and sister at Marietta.

The Verdict.

"We, the jury, empowered to serve over the remains of Robbie C. Woodruff, find that she came to her death from accidental drowning on or about May 8th, 1907.

Signed—C. L. Root, A. H. Patton, C. W. Meacham, Oakley Doolin, Wallace Well, George H. Andrecht.

The body was placed in a handsome coffin and will tonight be shipped to Marietta, O.

CIT WIRE.

Winchago City, Minn., May 21.—The Bank of Winchago was entered this morning by cracksmen, who escaped with \$2,000. When the cashier attempted to notify outside towns he found the telephone wires all cut.

MATINEE RACES NEXT THURSDAY

Everything in Readiness For Big Opening of Racing Season on Fair Ground Track to Make It Success

OFFICERS WHO WILL PRESIDE.

Judges, starters, timers have all been arranged for Thursday's matinee races and the club management will make every effort to have the various entries start promptly and avoid tiresome delays between heats.

The horses are all receiving their final workouts today and will be ready for the race of their lives next Thursday. Every starter seems to be confident of winning his race and the winners will be crowned king in the various classes.

Everybody will be on hand and indications are that the Matinee club's initial appearance will be a complete success both from a standpoint of sport and attendance.

The races start at 2:30 o'clock. The officials for the event are:

Starter—R. W. Tuity.
Judges—J. M. Lang, Charles K. Wheeler, Hal Corbett.

CANNON IS BUSY AROUND NEW YORK

Rumor Current That He is Promoting Little Presidential Boom of His Own—Conferring With Politicians

BRYAN IS FOR ROOSEVELT.

New York, May 21.—Speaker Cannon, of the house of representatives, is in New York. It is believed he is here for the purpose of arranging a campaign against the candidacy of Secretary of War Taft for the presidency. He is meeting with important members of the Republican party.

Bryan For Roosevelt.
Lincoln, Neb., May 21.—William Jennings Bryan's friends say with great positiveness he will not accept nomination from Democratic party if President Roosevelt is renominated.

FLAGS WILL WAVE OVER BUILDINGS

School Board Decides to Purchase Stars and Stripes For All the City Schools—Accept South Side Site

SOME OTHER SPECIAL SESSIONS.

Mr. Fred Nagel will give bond today to the school board guaranteeing the validity of the title to the Jackson street property bought for a school site. On this basis the board agreed to take the site in the called meeting last night. If Judge E. H. Puryear receives a favorable answer from his correspondence with the persons responsible for the technical defect in the deed the bond will be released.

The building committee will meet tonight to review the plans for the new building and will report to a called meeting of the board to be held Thursday night. Following that meeting, bids for two new buildings will be called for immediately. The unfinished portion of the McKinley building also will be provided for in the bids. Two frame buildings on the Jackson street property were sold to E. O. Broyles for \$335. Trustee Kelly's suggestion that flags be placed on all the buildings, was adopted and Mr. Hoyer, superintendent of buildings, will put up the flagstaffs on the old buildings. J. E. Potter, elected to fill a vacancy, was elected vice president of the board last night.

The Lee school started yesterday after being closed for two weeks to prevent an epidemic of smallpox.

Prof. J. A. Carnegie is expected to arrive today from Noblesville, Ind.

WHETHER TO CELEBRATE
DAVIS DAY TO BE DECIDED

Whether Jefferson Davis' birthday will be celebrated this year by decorating Confederate graves, will be decided at the meeting of the J. T. Walbert camp tonight. The Daughters of the Confederacy follow the lead of the veterans in this matter. Final preparations for the Richmond reunion will be made. The number who will go, the arrangements for their transportation and other details will be worked out.

CONVENTION IS CALLED TO ORDER

McCracken County Delegates
Are Taking a Hand

Combination Between Ferguson,
Southall and Gardner Effected
In Advance.

THOSE WHO PRESENT NAMES.

Henderson, Ky., May 21.—(3 p. m.)—No vote will be taken on nomination for Democratic candidate for railroad commissioner in the First district before tonight or in the morning. The convention was speedily organized and the slate put up by the McCracken county delegation in behalf of Mel. Ferguson went through without dissent. Gen. Lawrence being unanimously chosen chairman, and Ed Crossland, of Mayfield, secretary. Then arguments and speeches concerning methods of procedure kept the convention busy for more than an hour.

Early Combination Formed.

Henderson, Ky., May 21.—(Noon) —Unless there is some treachery, on the break, Ferguson should receive 218 votes this afternoon. The field, with the exception of Landrum (and he will come in), has combined against Finn. At a caucus last night and this morning, Ferguson, Gardner and Southall agree to throw their support together. Gardner's support insures Ferguson the First congressional district, and Southall's forces promise to go to Ferguson whenever Southall drops out.

The combination slate for organization of the convention is Adjutant General Henry Lawrence, of Trigg county, for chairman, and Ed Crossland, of Graves county, for secretary. Judge William Reed is slated for committee on resolutions. He probably will be the only McCracken county man recognized by office, but the McCracken county delegation is running the convention thus far.

The committee on credentials will have contests in Ohio, Grayson, Harlan and Lyon counties. An early nomination is not looked for.

Tom Thomas, Warren county, will present Finn's name; Ed Hansberry, of Christian county, will present Southall's name; Judge Robbins, of Maysfield, will present Gardner's name, and Jacob Corbett, of Ballard county, will present the name of Mel. Ferguson.

BLACK HUNDREDS ARE ON RAMPAGE

Odesa, May 21.—Following the assassination of three police officials here today serious rioting occurred and at 8 o'clock the black hundreds were running wild through the streets, mercilessly beating people, particularly Jews, more than a hundred of whom were seriously injured soon after the disturbance began. The police apparently remained passive spectators of the disorders. No arrests were made and the black hundred continued their work of revenge unchecked.

Show Ground Traffic Delayed.

Traffic to the show grounds was delayed this afternoon for more than a half hour by the derailment of a car just ahead of a string of trailers west of the double track on Broadway at 1 o'clock. The company had several sets of trailers to use on the Rowlandtown, North Sixth Tri-ble and Madison street lines.

HARGIS CASE IS READY FOR JURY

Lexington, Ky., May 21.—The judge charged the jury today in the case of James Hargis, charged with conspiracy in the murder of James Cockrell. Arguments are being made and the case will go to the jury Wednesday.

Mrs. Saunders A. Fowler and little daughter, Dorothy, returned yesterday from Dawson, where they have been for a week. Mrs. Laura Fowler remained for a longer stay.

NOT LITTLE'S SIGNATURE

SENSATION IS BREWING

Little Rock, Ark., May 21.— Sensational developments are anticipated when the contest growing out of the 2-cent passenger rate act of the last legislature is aired in court. It is now practically settled that the railroad operating in Arkansas will contest the validity of the act, and the chief feature of the fight will be based on Governor Little's connection with the bill. Testimony will be

brought forward to prove that the bill was never in the possession of the governor and that the measure was never signed by Governor Little. Handwriting experts will be introduced to show that the signature is not that of the executive of the state. The main contention of the railroad attorneys will be that the bill was not signed by the governor.

S.S.S. RIDES THE SYSTEM OF MALARIA

Malaria is an atmospheric poison which we unconsciously breathe into our system. The blood in its constant passage through the lungs absorbs the germs, and they destroy the rich, red corpuscles of this vital fluid and reduce it to such a weak, watery condition that it is unable to properly nourish the system, and disease gets a foothold. Then the symptoms of Malaria, such as pale, sallow complexion, weak vitality, poor appetite, deranged digestion, and perhaps chills and fever show that the trouble is affecting every part of the body. Malaria also affects the liver, producing a chronic state of biliousness, and often a long spell of fever follows when the blood becomes fully contaminated with the poison. Chronic Sores and Ulcers, boils, aches and pains, and skin affections of various kinds often result from this insidious disease if the poison is allowed to accumulate in the blood in sufficient quantities. Malaria must be removed from the system through the circulation, and for this purpose nothing equals S. S. S. This great remedy goes down into the blood and drives out all germs, microbes and poisons, and permanently cures Malaria. S. S. S. not only cleanses the blood of the cause, but furnishes it with the healthful properties it needs, so that instead of a weak, germ-infected stream, spreading disease throughout the system, it becomes a rich, red fluid, nourishing the body and enabling it to resist disease. S. S. S. is also the greatest of all tonics, and builds up and invigorates the entire system while ridding the blood of the germs of Malaria. Persons who are suffering from Malaria will be pleased with the prompt and pleasant results produced by the use of S. S. S., and can take it with confidence because it is an absolutely safe medicine, being free from harmful minerals of any kind. Book on the blood and any medical advice desired sent free to all who write.

SHUTOUT GIVEN CULLEY'S TEAM

Jackson Independents Bunch
Their Hits

Good Game, But Small Attendance
Marks Series With Professional At Park.

A PLAYER IS HIT WITH BALL

A complete shut out was administered to the "Culleys" yesterday afternoon at Wallace park by the Jackson, Tenn., "Independents." The score was 4 to 0, and few Paducah players got to third base. Bunched hits at the time Paducah players erred, tallied the runs for Jackson.

The attendance was not what it should be. Although the Paducah boys are outclassed by the professional players, all being ex-leaguers and well paid, the games are worth the seeing; and with small gate receipts and a scientific bunch against them, the "Culleys" lose heart. Four to nothing is not a bad score by any means.

The score:

	R	H	E
Jackson	4	7	4
Culleys	0	3	3

Batteries—Bamber and Marmolott; Hart and Block.

Umpire—Gus Brahm.

Yesterday Albert Winfrey, second baseman for the "Culleys," was struck just under the heart by a pitched ball. The blow was hard and knocked him out for some time. The impression of the ball, seems raising small blisters, was left on Winfrey's chest. He will be unable to play today. Arnold went in for Winfrey and finished the game from the fifth inning.

Today the last of the series of three games will be played, and Dick Brahm will pitch. With good support he feels sure he will get away with his game.

ILL HEALTH

REASON FOR RESIGNATION DR. KERR BOYCE TUPPER.

Letter From His Son to J. R. Puryear, of This City, Explains Condition of Minister.

Regarding the broken health of the Rev. Kerr Boyce Tupper which caused him to seek rest in a sanitarium in New York City after resigning from the wealthiest Baptist church in New York, Mr. Frank Boyce Tupper, his son, in a letter to Mr. J. R. Puryear, a deacon in the First Baptist church here and a particular friend of the New York minister, states he is simply suffering from a complete nervous breakdown occasioned by overwork. At the time the letter was written the physicians would not permit the minister to write. The letter to Mr. Puryear did not explain the cause for resigning, leaving it to be inferred from the statement of his ill health.

GREAT SOLOISTS

COMING WITH INNES' BAND NEXT FRIDAY NIGHT.

Grand Success Will Be May Music Festival At the League Park Grounds.

Interest continues to grow in the coming festival when Innes will be here with his famous band. Innes' success alike with the masses and the classes is almost unexplainable. Before long it may be a subject of inquiry whether the strings are to give way entirely to brass and reed instruments. Stringed instruments

Shaw, the great tenor, of May Music Festival.

have been justly regarded as the highest form of musical expression. A short time ago a newspaper reported a concert given at the Philadelphia Academy of Music by the finest of orchestras, as having met with ill success. A few days later they reported a concert given by Innes and his band in the same opera house, by saying the streets outside were lined with carriages, and that boxes, orchestra and balconies were filled with the smart set. Was Innes' spectacular avul scene a more potent factor in drawing the crowd than Tschalkowsky's latest symphony? Who is to say?

All music lovers are on tiptoe of expectancy with the announcement of the several soloists engaged for the festival. Miss Listemann, the lyric soprano, heads the list. The management has been particularly fortunate

Daily Thought.

"Life is the tragedy of the divine trying to accomplish itself by mortal means; the infinite seeking to express itself in finite nature and conditions."

MONOPOLY AND METHOD.

For years it has been customary to refer to the Standard oil as the model trust, because its monopoly, as we conjectured was based on control of the raw petroleum. A few years ago it was predicted that all other monopolies must necessarily fall of their own clumsy supported weight. It was a common expression, that by acquiring a practical monopoly of the oil producing fields, the Standard could control the price. The special report to the president made by Commissioner of Corporations Herbert Knox Smith, puts to flight all our preconceived theories, regarding the nature of the Standard Oil trust, and shows the dozen men, who manipulate it in the presumptuous nakedness of their lawless course.

Although the trust refines 84 per cent of the oil, that is refined; produces 86 per cent of the illuminating oil; transports through the pipe lines 98 per cent of the oil produced in the mid-continent field and 90 per cent of all other fields, the affiliated corporations own less than one-sixth of the oil producing territory.

No one believes that any amount of genius could serve to give a man or concern a practical monopoly of the sale of a product, of which he owns only one-sixth.

The strength of the Standard Oil company abides in its control of the pipe lines, of secret arrangements with railroads, of legal snares spread by an organized legal department, of conspiracy to undersell and all the small trickery possible to undo a business rival. The Standard's agents even go out through the country and buy up barrels, that its competitors may be restricted in the number at their disposal.

According to this report, railroads under the domination of the Standard refuse to permit a right of way across their lines, a matter of a few feet, to independent pipe lines. With the almost exhaustless resources at its command the Standard can drag a rival into litigation that will keep his business tied up in court until his money gives out.

Although the Standard has hundreds of stockholders, these dozen men manipulate the business, regardless of the stockholders, absolutely control its resources and the tendrils of the big trust extend into the rich soil of every industry in the world. The railroads make profit hauling the Standard's oil, and the Standard draws its share of this profit. The steamships profit by the trade, and the Standard profits from the steamship line. Great factories use its product, and the Standard draws dividends from the factories.

Wherever it sells, it profits; wherever it expends, it profits. This monstrosity does not exist by reason of the limited nature of its product, but by the boundlessness of its interests, and it makes its rivals do business through its branches, growing fatter by the very efforts of its competitors.

A year ago Owensboro produced a three-legged chicken, Henderson produced one last week, which shows that our neighbor down the river is crowding us a little closer in the poultry business than in anything else it has ever tackled us on.—Owensboro Inquirer.

Provident nature, again. Chickens have to scratch a little harder for a living in Henderson and Danvers counties than hereabouts.

Reports from Boise, Idaho, indicate that Harry Orchard, who is exclusively occupying the county jail on the charge of murdering Governor Steunenberg, is the only man in the town, who can go to sleep with any feeling of security.

In the far west they have an expression for finding gold in the hills. They call it "striking the yellow." That was a happy thought for the grand jury to go prospecting down Ruef's back.

Prosperity? Why, even the post-office department cleared \$1,800,000 the last quarter. Cortelyou and Hitchcock put that department on its feet, and General Von L. Meyer is making an auspicious start.

Two commissions composed of 12 men, drawing \$12,000 each, should commend the terms of New York's new public utilities measure to the consideration of most any hard pressed state administration.

John Temple Graves thinks Roosevelt could not refuse the nomination, if offered by both the great parties. We're for Roosevelt, if John Temple can line up the Democrats.

Paducah dairymen might agree to the tuberculosis inspection ordinance, with provision for a "broad court review."

Were the douma members indignant because of the plot, or because it was discovered?

This is Bullish weather.

VOICE OF THE PEOPLE.

Merchants Not Guilty.

It has been reported and circulated that the retail merchants and other business men of the city have requested the contractors not to sign the scale offered by the union carpenters. We desire to correct these reports, and say positively that such is not the case. We have at no time consulted these gentlemen or they us. We make this statement in justification to the business men, knowing that the rumors circulated might be injurious to innocent persons.

Yours truly, The contractors of Paducah.

MEN, SLIGHTED, OUTLAW CARDS

Neglected by Wives for Bridge, Pass Ordinance to Stop Games.

Mellette, S. D., May 21.—The husbands and fathers of Mellette have arisen in revolt against the game of bridge whist and have passed an ordinance making it a misdemeanor for any woman to play the game and imposing a punishment of \$25 to \$100 fine and several days in jail.

The men declare their women folk were so infatuated by bridge that they were neglecting their household duties. Mothers even slighted their babies to play bridge and husbands were given no attention at all by their wives.

The women are angry over the passage of the ordinance. They say they have as much right to pass the time playing bridge whist as the men have to play poker.

The town marshal so feared the wrath of the women that he resigned. The town council appointed another man in his place who promises to arrest any woman he finds playing bridge.

SCHROGHAM IS HELD.

Manager of Policy Holders' Committee Must Face Charge.

New York, May 21.—Magistrate House today held George H. Schrogam, manager of the International Policy Holders' committee, Charles E. Stirrup and C. P. Carrington, assistants to Schrogam, for trial on the charge of violation of that section of the penal code which makes it a conspiracy "to obstruct due process of the law." House says he believes the defendants conspired to obstruct due process of the law by changing ballots cast in the recent election for officers of the New York and Mutual Life companies.

JUNIOR CLASS IN
CLEVER COMEDY

"A Case of Suspicion" at the High School

All Performers Acquit Themselves With Unusual Credit in Their Respective Parts.

A LARGE AUDIENCE ATTENDS

Before a large audience the Junior class of the High school last night presented the play, "A Case of Suspicion." From the start it proved interesting. The scene is in a girl's room at a boarding school with active preparations for a midnight spread and a rope and basket to pull up to the window the undergraduates of a nearby college. But the faculty learns of the intended feast and just as they lower the basket for the last boy, they bring up the professor.

Seeing him, despite his pleading to be lowered they keep the professor suspended in mid air until he faithfully promises not to punish them. Then to be good he is pulled up and invited as a special guest. Then the serenaders come and after being handled up are given a royal welcome. Toasts and songs are called for and everything comes to a happy ending.

Edwin Randio as Professor Edgerton was excellent and used well all the mannerisms of the school teacher. Will Rock was a typical man about the seminary and never could resist the pleadings of the girls to keep it quiet. Felix St. John, Gus Elliott, and George Scott, as the girls college beaux, did their part well.

Ethel Sights, Bess Lane, and Mary Cave were the bewitching seminary girls, and Eleanor Hock as the house girl showed the careful training given by Misses Adah Brazelton and Anna Larkin, who had charge of the rehearsals. Helen Hills as Ophelia Jenkins, the dignified member of the faculty was excellent and her song, "Mr. Cupid," was catchy and several encores were given.

JUDGE A. J. HARRIS, MEMBER
OF 42D CONGRESS, IS DEAD.

Savannah, Mo., May 21.—Judge Andrew J. Harris died at 2 o'clock this morning in this city. He was reported to have been the sole survivor of the forty-second congress. He was a member of the forty-second and forty-third congresses from Indiana. He was aged 92 years, 1 month and 20 days. He was a member of the Indiana legislature for three terms. He was also a member of the territorial legislature of Dakota in 1861. He was a candidate for lieutenant governor of Missouri in 1868 and was speaker of the Missouri house in 1864. He was a strong Democrat until the repeal of the Missouri compromise in 1854, when he aided in the formation of the Republican party. His wife, aged 85 years, survives him. He was married sixty-eight years.

REMOVE PUBLIC FUNDS
AWAY OUT OF POLITICS.

Washington, D. C., May 21.—If the special commission appointed by Secretary Cortelyou to adopt a system to equalize the distribution of public funds in national banks is carried out all banks having less than \$200,000 capital will cease to be federal depositories. The commission is considering three propositions:

First—to confine deposits to central reserve cities only.

Second—to deposit all internal revenue and custom receipts in the banks of the district where they are collected.

Third—to divide the funds equally among all banks having \$200,000 capital or more.

The principal object of the commission is said to be to remove the distribution of government funds from the influence of politics.

JEROME IN GOULD CASE.

District Attorney to Look Into the Charges About Detectives.

New York, May 21.—District Attorney Jerome announced today that he would visit Police Commissioner Bingham tomorrow in connection with the Howard Gould case. There has been considerable public discussion as to what part the police have taken in connection with the suit for permanent separation, which counsel for Mrs. Howard Gould said today had been filed against Gould. It has been intimated that Central office agents and detectives were employed by Gould to obtain evidence against his wife.

H. CLAY EVANS MAY GET PLACE.

President Considering Him for Commissioner.

Washington, D. C., May 21.—It is said on what is represented to be excellent authority that the president is considering H. Clay Evans in connection with the commissionership of internal revenue, in the event that Pearl Wright, who has been tendered the place, does not accept.

Trainmen End Meeting.
 Atlanta, Ga., May 21.—The Brotherhood of Railway Trainmen completed its business late today and adjourned, Columbus, Ohio, was selected as the place for the next biennial convention. The grand executive board was elected today, J. H. Rhodes, of Toledo, Ohio, was chosen chairman.

Castro To Retire Thursday.
 Caracas, Venezuela, May 21.—Congress will convene on Thursday, and it has been reported that President Castro has chosen that day on which to retire from office, being succeeded by First Vice President Gomez.

Cash Arrived Last Evening
 Manager and Originator of a Large Medical Concern Comes Here From St. Louis.

His Stay Will Give All Interested a Chance to Secure Desired Advice.
 Mr. Cash Tells All Free.

Mr. Cash who is now in our city, is probably one of the most talked of young men in this country today. This is due not only to the fact that he is the manager of the leading medical concern of this country, but more especially to the great sensation he has caused in the large cities visited by him in the east and south where he has been introducing his advised preparations. To an inquiry as to how long he would remain in Paducah and make such demonstrations here which have caused so much comment both by public and press elsewhere, he said: "I will be in your city five or six days with headquarters at W. B. McPherson's drug store until 8 o'clock each evening. Either myself or assistants will meet all who call to see me and fully explain the nature of my preparations. In treating diseases my theory is that the abused stomach is the foundation cause of nine-tenths of all human ills. While some have attributed the cures made by my preparations as being almost miracles, I only claim that there is a scientific way to reach the cause of disease and effect a cure. My preparations have demonstrated my theory. Their success in removing stomach, kidney, parastical and rheumatic troubles as well as constipation, has been because it restores the normal activities of the stomach. All my preparations are sold under a positive guarantee and can be returned at any time."

The accounts of the demonstrations of this young man and his associates in cities visited have filled columns of the dailies where it is reported that the sales of his preparations have been enormous.

STRAW HATS
1\$ to 10\$

The new styles in straw hats are the handsomest designs the hatmakers have ever turned out.

The Yacht shapes, and the dip front, which has been so popular in soft hats are vying for favor, with each very popular. The dip front style comes in a very soft, pliable straw, and are very swaggy, cool, light weight and very comfortable. The yacht shapes are very dressy.

We too show some very handsome straws in Panamas for young men and middle age men.

Straw hat prices
 \$1.00 to \$10.00.

SHOT HERSELF

MELANCHOLIA CAUSES MRS. VIVIANA TO ATTEMPT SUICIDE.

Worried by Immigration Officers Until Her Nervous System Was Entirely Wrecked.

Broken in health by constant brooding over her treatment at the hands of immigration officers more than a year ago, Mrs. Louis Viviana, wife of a local fruit dealer residing at 607 North Fourth street, shot herself through the head yesterday morning but will live. The family came here several years ago from Indianapolis, Ind. Mrs. Viviana took her little deaf mute son to Italy for treatment, and on return was sent back from New York, the immigration officers claiming the child was a foreigner, and being imperfect, could not be admitted to this country. It required the exchange of dozens of letters and affidavits between government to prove the boy was American born. Over a year lapsed before Mrs. Viviana was admitted to the United States from the time she was sent back.

RAILROAD NOTES

Roadmaster A. F. Blass, of the Louisville division of the Illinois Central, was in Memphis yesterday, and in conversation with Colonel Jack Flynn, superintendent of the Y. & M. V. road. He stated that he heard nothing from Colonel Flynn or any one else of the colonel's resignation.

Engineer Louis Siegel, of the Illinois Central, is laying off on account of the illness of his child.

Engine No. 1195 is in the Illinois Central shops, with a broken cylinder received in a slight graze with another engine on the road.

Engineer Warren Gray, of the Fulton-Louisville Illinois Central accommodation runs, is in Louisville recovering from fever, and will be at the throttle again in a few days.

Sam Clark, colored, porter on the Memphis-Louisville Illinois Central run, is in the Illinois Central hospital with his right ankle sprained. He was running to catch a train at Princeton and stepping on a loose board was thrown to the ground.

Col. Flynn Resigns.

It is rumored that Col. Jack Flynn, superintendent of the Y. & M. V. at Memphis, a branch of the Illinois Central, has resigned effective the first of June and will go with another road. Colonel Flynn started at the bottom of the ladder here years ago, and climbed to trainmaster and then superintendent of terminals at New Orleans. Later he was made a division superintendent, and is considered one of the best officials in the employ of the road. Col. Flynn is a son-in-law of Col. R. J. Barber, of this city.

Two Complaints Remedied.

Washington, May 21.—Two decisions of the Interstate commerce commission relating to operation of joint through rates were announced today.

HOT AIR TREATMENT

Has Proven Its Worth in the Treatment of All Diseases.

I am using, in connection with the Osteopathic treatment, the Dry Hot Air treatment, and the great successes achieved with it demonstrate its efficacy.

In one form or another heat has been employed in treatment of disease from the earliest times and in every part of the world, but its use has become more general in later years than ever before—simply because its application and uses have become better known.

We have a better understanding of the physiological laws upon which the treatment is based, and have greatly improved the mechanical apparatus employed until now it is one of the most useful means at our disposal for the treatment of disease.

The treatment is stimulating to the whole system, every organ and function, and when used with the Osteopathic treatment forms the most rational cure in all sciences.

Especially are the treatments indicated in all diseases incident to the season, spring, tired, worn out and run down conditions, malaria, stomach, liver and bowels, and in asthma, rheumatic, and nervous conditions, headaches, lumbago and neuralgia.

I should be pleased to have you consult me at any time, and tell you just what Osteopathy will do in any specific case. It has done much for Paducah people you know well, to whom I shall gladly refer you, at any time.

In each case the road agreed to reduce rates in accordance with the desire of the complainants and the complaints were dismissed. The National Petroleum association, of Cleveland, complained that the Pennsylvania railroad and others charged a through rate on petroleum and its products from Oil City, Pa., to Freeport, Ill., via Chicago of 25.5 cents per 100 pounds, although the combination rate from Chicago is only 23 cents. The Kalamazoo Silo company complained of a through rate over the Michigan Central and Milwaukee railways of 28 cents per hundred pounds from Kalamazoo, Mich., to Elkhorn, Wis., although the combination rate is only 17 cents.

HOWARD GOULD'S WIFE

SAYS HE IS A BEAST
 New York, May 21.—Mrs. Howard Gould today started against her husband, the millionaire yachtsman, a suit for a separation, one of her most astonishing allegations being that because of his personal habits he is an improper person to live with. The complaint is highly sensational, charging Gould with many acts of infidelity.

Dandelion

Permanently Relieves Constipation and Sick-headache.

Guaranteed under the Pure Food and Drug Act, June 30, 1905. Serial Number 3517.

A costive person would not live many days if it were not for the liver, because the blood would be poisoned within a few hours, but the juices of a healthy liver render harmless the poisonous matter that is generated.

Lack of exercise and steady brain work are the chief causes of constipation. Fortunately this trouble, even after it has reached a chronic stage, can be overcome by using Dr. Edwards' Compound Dandelion Tablets or Pills. They act mildly upon the mucous membrane of the intestines. Their action is certain and they never gripe. Being composed of purely vegetable matter they do not produce any unnatural condition of the bowels. Get a box today.

ENSIGN SUICIDES.

As Result of His Recent Troubles With Santiago Police.
Washington, May 21.—The navy department today received a dispatch from Santiago, Cuba, stating that Ensign Alfred Brislin, who was in a difficulty with the police of Santiago about a fortnight ago, in company with sailors from the Tacoma, had shot himself through the lung and was in a serious condition. Ensign Brislin is in Santiago. The official investigation of the trouble with the Santiago police appears to have developed the fact that Brislin was drinking, which would doubtless have resulted in his being court-martialed. Brislin entered the Annapolis naval academy from Pennsylvania in 1899.

FATHER AND TWO SONS ARE ALL ASPHYXIATED.

Chicago, May 21.—Joseph Page, father, and Frank and Edward Page, heads of a large advertising agency, were found dead in the home on Michigan boulevard this morning, having been asphyxiated. Police and the coroner are investigating the circumstances of their deaths.

Need Stock Policeman.

Residents on the Mayfield road from the railroad crossing to the city limits are complaining of many cows roaming about at night. The matter has been reported to the stock policeman and will be looked into at once. It was only recently that the stock policeman arrested a whole drove of stock on the outskirts of the city on the north side.

Save Themselves by Jumping.

Mesdames J. F. Kittrell and Ellis Brandon, wives of well known traveling men, residing on South Third street, jumped from a buggy yesterday afternoon at Fourth and Monroe streets and doubtless saved themselves from injury. Their horse frightened at a car.

MEXICAN TROOPS BEING MOVED

Diaz Soldiers Forming on Guatemala Frontier—Revolt.
City of Mexico, May 21.—Mexican troops are being moved to the Guatemala frontier. This information reached the capital today in a private telegram. In what numbers or for what purpose these soldiers are being moved southward is not known outside of official circles. It has been learned that the scene of greatest activity is now divided between Guatemala City and Salvador.

An American business man now in the city who arrived from San Salvador a few days ago, says it is only a question of time before Salvador is in revolt.

HELD TO GRAND JURY.

Gaston Phillip to Answer for the Killing of Calumun.
Washington, May 21.—A coroner's jury today held Gaston P. Phillip, the club man, whose family formerly resided in Claverack, N. Y., for the grand jury for causing the death of Frank B. Macaboy, a cahman. The tragedy occurred on Saturday last at the Arlington hotel.

Pursuant to instructions from the state central committee, and complying with the action of the McCracken county committee, the Republicans of McCracken county are hereby called to meet at the county court house in Paducah, Ky., on Saturday, June 15, 1907 at 1:30 p. m. standard time, for the purpose of selecting delegates to the state convention to be held in Louisville, Ky., on Wednesday, June 19, 1907.

It was also ordered by the McCracken county committee that at the county convention on June 15, 1907, a candidate be nominated for representative, to represent McCracken county in the Kentucky legislature.

FRANK BOYD, Chairman.

Will Renew Fertilizer Suit.
Washington, May 21.—the government has decided to renew the cases against the so-called Fertilizer Trust before the United States district court at Richmond, Va. About a year ago the government secured the indictment and arrest of a large number of persons residing in different parts of the country on a charge of violating the Sherman anti-trust law and sought to secure their removal to Nashville, where suit was pending against them.

Governor Little Is a Wreck.

NO ELISOR FOR SCHMITZ; HIS CASE IS POSTPONED.

San Francisco, Cal., May 21.—Unlike Abraham Ruef, through whom he was twice elected to his high office, Mayor Eugene E. Schmitz, during his trial on the charge of extortion, will not suffer the humiliation of passing his time in the custody of an Elisor. It took only twelve minutes this morning to formally open and close the first day's proceedings of the Schmitz trial. The state asked for time to prepare counter-affidavits, resting the plea of the defense for a change of venue, and twenty-four hours were granted by Judge Duane. After the court granted the continuance, Mr. Heney, special prosecutor, announced it was not the intention of the prosecution to place the defendant in custody of an Elisor.

TELEPHONES CUT OUT.

Hickman, Ky., Has No Local or Long Distance Service.

Hickman, Ky., May 21.—The telephones are still all closed and have been since Wednesday morning, and there has been no service at all. The town has been cut off from all communication, both local and long distance. This is a very great hindrance to business of every kind, and the citizens are very much wrought up over the affair. The court ordered the exchange to be opened, but the company refused. The company's agent here, as a result, was put under bond, because, according to the company's orders, he refused to open the exchange.

TRUST BAITING QUITE EXPENSIVE

Nearly Half Million Spent by Government in Work

President Is Said To Favor Civil Pension List and Will Recommend It.

KEEP COMMISSION REPORT

Washington, May 21.—Something like \$300,000 has been expended by the government in the last four years in trust investigations and prosecutions. Some of the items are as follows:

Beef trust, \$48,000; Standard Oil (in court) \$15,000; Tobacco trust (under investigation) \$12,000; Paper trust (concluded) \$20,000; Harvester trust (under investigation) \$30,000; Fertilizer trust (in court) \$15,000; Coal and Oil-carrying railroads (under investigation) \$10,000; Powder trust (under investigation) \$7,000; Turpentine trust, \$25,000.

There are almost a dozen other investigations which have cost a pretty penny, but they are of lesser importance. Fines paid the government in the cases aggregate \$30,000. Big money has to be paid for special counsel in order to get proper results. Kellogg & Morrison are being paid about \$12,000 a year each. Judge McKeenolds, former assistant attorney general, who has charge of the Tobacco trust investigation, is devoting his entire time. He is paid \$16,000 a year. This is not as high, proportionately, as was paid under the Knox administration. D. T. Watson, of Ohio, got \$10,000 in the Northern securities case.

Favors Civil Pension List.

That President Roosevelt will in his message to congress in December earnestly advocate the creation of a civil pension list, is stated by his friends here. This determination is said to have been reached by the president after consulting the members of the Keep commission, which has gone exhaustively into the subject. The plan is for congress to appropriate a sum sufficient to permit the retirement of all employees who have served the government for a specified time and have reached a certain age.

A certain percentage of the salaries of government employees is to be deducted and within a few years, the statement is advanced, this sum will be sufficient to place superannuated employees on pensions without further cost to the government.

REVISE SCRIPTURES

LATIN VERSION WILL BE BY BENEDICTINE ORDER.

Pope Issues Decree in Carrying Out Purpose of Leo XIII.—Import-ant Work.

London, May 21.—In a dispatch from Rome the correspondent of the Times says he learns that the pope has issued a decree entrusting the entire revision of the Vulgate to the Benedictine order. This is the most important decision yet announced, the correspondent continues, as an outcome of a biblical commission appointed toward the end of pontificate of Leo XIII. In an editorial the Times says it is difficult to overestimate the importance of this step. "No book," the paper declares, "has exercised a wider and more powerful influence in moulding faith, morals, thought and traditions of literature of the European world than the Latin version of the scriptures. For 1,500 years it has been setting its impress upon the lives and whole mental heritage of countless millions of men.

The paper adds, the step is a bold one, but that it will be hailed with satisfaction by many within, as well as without the church of Rome.

WIDEN BROADWAY BEYOND HOSPITAL

Decision of Board of Councilmen Last Night

Will Pay W. F. Bradshaw 50 Cents Foot Because Condemnation Would Cost City More.

HOSPITAL PROPERTY IS SOLD

Sale of the old city hospital property to Engineer John W. Holmes for \$3,500 was ordered last night by the board of councilmen in regular session; also the purchase of property necessary to widen Broadway from Fifteenth street to Twenty-fifth street, for 50 cents the front foot.

President Lindsey being absent, Councilman Ernest Lackey was elected chairman pro tem.

Chairman Lindsey was the only absentee.

The finance committee was empowered to renew a \$5,000 note for borrowed money.

A prayer from L. L. Nelson, 407 South Third street, for relief from bad surface water drainage in front of his place of business, was referred to the street committee.

Mayor Yeiser recited the W. M. Mitchell saloon case, stating that Mitchell was fined for Sunday violation, his license revoked, and the saloon closed; later that the saloon man sold a glass of beer, was arrested for selling liquor without a license, and was dismissed in police court. Mayor Yeiser asked if he should proceed further. His report was received and filed.

Jailer Thomas Evitta was empowered to buy \$15 worth of flowers with which to improve the city hall yard.

An alley between Nineteenth and Twentieth streets, Broadway and Kentucky avenue, said to be in bad condition, was ordered improved.

An ordinance to have cows inspected in county dairies once annually for tuberculosis, was ordered drafted.

City Weigher Frank Dunn stated that the city scales have been tested and are correct. The report was received and filed.

Fifteen dollars were appropriated for improving the city scales lot.

An ordinance for curb and gutters on Jefferson street, from Eleventh street to Fourteenth street, ordered by the board of aldermen, was not concurred in.

Finance Report.

Salaries, claims, etc., amounting to \$5,001.83 were allowed.

A proposition from J. W. Holmes to pay \$3,500 for the old city hospital property, the city to reserve enough of the property to widen Broadway street to the full width, was accepted.

An ordinance to grade and gravel Powell street from Jarrett street to Mill street was ordered drafted at once.

The joint street committee's recommendation to buy from W. F. Bradshaw and others at 50 cents the front foot property necessary to widen Broadway from the railroad hospital to Twenty-fifth street, was presented.

Councilman Lackey thought if the city should pay Bradshaw, it would have to pay "every Mr. Somebody Else."

Solicitor Campbell stated that if property is condemned for sidewalks to Twenty-fifth street, in some places the course will have to be filled ten feet, and if the property holders can prove that the improvement goes in excess of the market value of the land, the city will have a heavy debt to pay. The cost of the improvement will exceed the value of the land in many places.

The property was ordered brought at 50 cents the lineal foot.

Ordinances Acted On.

Ordinance for paving, curbing and guttering Broadway from Fifteenth

street to Twenty-fifth street, First reading.

The mayor was empowered to pay Mr. Bradshaw money for his property when estimates for the improvement are given the property holders.

W. P. Hummel, receiver for the Mergenthaler-Horton Basket company, asked for a refund of occupation tax, refused.

A donation of \$200 asked for by a local newspaper was refused.

An ordinance directing the city solicitor to defend any city officer who might become involved in litigation by reason of an official act, was ordered drafted.

On motion the board adjourned.

SHORT TALKS BY L. T. COOPER

Take two bottles of Cooper's New Discovery. It will get the stomach in shape. See if energy and ambition don't come back before the two bottles are gone.

This letter is from a man who tried it:

"After suffering for some time from stomach trouble, loss of appetite, headaches and a kind of 'all tuckered out' feeling I decided to try Cooper's New Discovery."
"I used to get up in the morning with my tongue coated and sick at my stomach. I would feel as though it was almost impossible to drag myself to work. Lots of times I had dizzy spells and backaches. After I used several bottles all these symptoms began to disappear and soon I began to feel like my old self again. Now I feel like a new man. It is a pleasure to work, for I always feel like it. I eat well, and sleep well and am sure I will have no further trouble with my stomach." A. G. Latubys, 167 Porter St., Detroit, Mich.

It is estimated that nearly half a million bottles of the famous Cooper medicines were sold during Mr. Cooper's recent demonstration in Chicago. We are agents, W. B. McPherson.

Two Houses Burned.

Mayfield, Ky., May 21.—Two houses were destroyed by fire on North Eighth street Sunday night about 9:30 o'clock. The houses belonged to "Judge" Housman, colored, and William Moore. The fire originated in the house of Housman while they had gone to church. His house and contents were almost a total loss. The insurance was \$700 on house and contents. Moore lost about all his household goods and had no insurance on either.

CHARLES SUGARS DIES IN MICHIGAN

Popular Young Railroad Man
is Victim of Diabetes

Little Paul Bowling Succumbs to
Measles at His Home, 1222
North Thirteenth Street.

MRS. J. C. ORR PASSES AWAY.

Mr. Charles Sugars, one of Paducah's most popular young men, died at 4:30 o'clock yesterday afternoon at the residence of his aunt, Mrs. C. C. Shermann, at North Branch, 16 miles from Detroit, Mich., of diabetes after an illness of three months. The body will be brought to Paducah at once for burial.

The deceased was born in Fosteria, Mich., March 22, 1883, and came to Paducah with his parents Mr. and Mrs. Samuel Sugars, of Harahan boulevard, when 8 years old. He entered the public schools and after leaving school went into the railroad service here, first as a clerk in the freight offices and later on the road as a brakeman, being lately promoted to conductor on the Illinois Central.

Three months ago his health became bad, and he was confined to his bed several weeks, at one time his life being despaired of. He recovered and was on the streets several weeks prior to his leaving for North Branch for his health. He had another attack in Michigan and one week ago his mother was called to his bedside. Sunday night a telegram was received announcing that his condition was much worse, and summoning his father, who left yesterday at noon. The second telegram followed early last evening announcing the young man's death.

Charles Sugars had countless friends in Paducah. He was a young man, who made friends wherever he went, and was extremely popular in railroad circles, being a member of the Brotherhood of Railway Trainmen. He was a member of the First Christian church.

Besides his parents the following relatives survive him: Mrs. William Hills, Harahan boulevard, an aunt; Mrs. C. C. Shermann, North Branch, an aunt, and Mr. John Sugars, of California, an uncle.

Little Paul Bowling.

Paul, the 8-year-old son of Mr. and Mrs. J. N. Bowling, of 1222 North Thirteenth street, died yesterday afternoon of measles, and was buried this afternoon at 2:30 o'clock in Oak Grove cemetery.

Mrs. J. C. Orr.

Mrs. J. C. Orr, residing two miles beyond Wallace park, died Sunday of consumption. She is survived by her husband, three sisters and three brothers. She was a member of Friendship Baptist church and a woman well known and popular in her section. The body was buried yesterday at Mt. Kenton cemetery in the county.

Mrs. Fannie Davenport.

Mrs. Fannie Davenport, a widow, 42 years old, of 1062 Woodward avenue, died yesterday afternoon of pneumonia. She came here three months ago from Evansville and leaves a son and daughter. The body was buried today at Newton Creek.

Two Youths Run Away.

Marshal R. L. Blanks, of Nortonville, telegraphed the police here to arrest two boys named Brandon and Hosen, 18 years old, who left Nortonville yesterday.

AT OWEN'S CAVE

KNIGHTS OF PYTHIAS WILL CELEBRATE JULY 4.

Guarantee Best of Order and Best People in City Will Attend—Committee.

The Paducah Knights of Pythias lodge will celebrate the Fourth of July at Owen's Cave, 12 miles above Paducah. Last night a committee was appointed to arrange a program, and it is possible that in order to make it more elaborate, lodges from Mayfield, Metropolis and other near by cities will be invited to attend. Arrangements will be made with railroads and steamboats for special trips and special rates. Brass bands and speakers will be featured at the meeting.

A. E. Stein, Robert Dukes and Owen Grubbs compose the committee on arrangements. They stated today that only the best people in the city will attend and that no intoxicating liquor will be allowed on the grounds. The Knights will protect their guests and assure the best of order.

TOBACCO PLANTS REFINED BY TENN. NIGHT RIDER

Adams, Tenn., May 21.—Night riders made a raid last night on plant beds of Esquire C. Dowlen, a prosperous tobacco grower of District No. 5, Montgomery county, and destroyed two fine plant beds, one containing 200 yards was salted, and in one of 100 yards the plants were pulled up and piled in the center. The plants of both beds were read to set about 25 acres of tobacco. Esquire Dowlen is not a member of the association.

FALSE THEORIES

Lead To Worthless or Harmful Remedies.

Stimulating the scalp may allay the itching of the dandruff, but it does not cure the scalp. The disease won't yield to quinine or capsules nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed. Until recently there was no hair preparation, or dandruff cure, or hair restorer on the market that would kill the insidious germ that dries up the scalp in little scales called dandruff, and absorbs the vitality of the hair, causing falling hair, and finally baldness. Newbro's Herpicide is the only really scientific preparation to cure dandruff, prevent falling hair and baldness. Sold by leading druggists. Two sizes, 50c and \$1. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. W. B. McPherson Special Agent.

TWO WOMEN ACCUSE PASTOR

Swear Out Warrants Charging That Preacher Slandered Them.

St. Louis, May 21.—Mrs. Matilda Ridenour, and Mrs. Dora Murray, of Webster Groves, a fashionable suburb of St. Louis, have united to prosecute Rev. A. L. Pritchett, former pastor of the Weston Park Methodist church, whom they have charged with slander, in warrants that have been issued at their instigation.

Mrs. Ridenour alleges that her friendship with Mrs. Murray was almost broken by remarks that the preacher made to her and Mrs. Murray. She says that he talked to each about the other in uncomplimentary terms.

She also represented to the prosecuting attorney that the minister came near disrupting her home by writing love letters. Harmony was eventually restored in the household. It is said that Mr. and Mrs. Ridenour will sue for \$3,500.

Hummel Begins Year's Sentence.

New York, May 21.—Abraham Hummel, who, for nearly a third of a century, was one of the most widely known and successful criminal lawyers in this city, today began the service of a one year's sentence in the Blackwell's Island penitentiary. The sentence was imposed upon a conviction two years ago for conspiracy growing out of Hummel's connection with the Dodge-Morse divorce litigation.

MORE MINISTERS

ARE NEEDED BY CUMBERLAND PRESBYTERIANS.

Need of Schools For Probationers Also Is Emphasized By Report of Committee.

Dickson, Tenn., May 21.—The general assembly of the Cumberland Presbyterian church worked off a lot of its business at yesterday's session, many of the thousand visitors here yesterday left for their homes on the morning trains, leaving the commissioners unhindered to do their work.

The board of publication reported recommending Sunday schools throughout the bounds of the church to use the literature prepared by J. H. Zorecor, R. L. Baskette and J. B. Goodpasture, of Nashville. The statistical report of the stated clerk showed 77 presbyteries, 17 synods, 600 ministers and 80,000 resident members. Reports of committees on minutes of synods were read and filed.

The report of the board of education was read and considered as a special order at 10 o'clock. The report reviewed history of board and collections for part of the year \$85.46; disbursements, \$7.40; on hand, \$78.06 and no debt. Several recommendations were made, one especially emphasized the need of schools for probationers, and while expressing the hope in the final results as to property rights, the board recommended that practitioners be sent to best schools available.

The board made a strong appeal for more ministers.

Mrs. Johnson and Dr. H. C. Yates, of Missouri, made strong rallying addresses.

The most convincing evidence that the element of the Cumberland Presbyterian church now assembled here for the seventy-seventh general assembly is in earnest was furnished yesterday afternoon in a meeting of men only under the large tent, conducted by Dr. J. L. Hudgins, when \$10,150 was subscribed to the fund to defray the expenses in protecting the property rights of the church and paying expenses incident to litigation already instituted and which may follow.

ELEVEN MINERS SUFFOCATED.

Bodies Recovered From Eagleville Mine, Colorado.

Trinidad, Col., May 21.—Eleven miners, including Superintendent Alexander Jacobs, were burned or suffocated to death last night in Eagleville mine at Eagleville, Col. The bodies were recovered today. The men went to work last night and when they did not come out this morning an investigation was started. It was discovered that a fire, which broke out in the mine a year ago and was still burning in some sections, had suddenly spread and

IMMIGRATION TO KENTUCKY.

Messrs. Vreeland and Newman Looking After Matter.

New York, May 21.—T. H. Vreeland, state commissioner of agriculture, and State Senator J. W. Newman of Kentucky, are in town with a letter from Frank Sargent, commissioner of immigration, to Commissioner Robert Watchorn, asking the latter to afford the two every facility for relieving the conditions at Ellis Island, that they may report to their state on the advisability of encouraging immigration to settle in Kentucky.

REMEMBERS WORTH BAGLEY.

Carolina Unveils Statue to the Hero of Cardenas.

Raleigh, N. C., May 21.—Twenty thousand people today witnessed the unveiling of the monument and statue erected in Capitol Square by the people of the United States in memory of Ensign Worth Bagley of the United States navy, killed by a Spanish shell off Cardenas on May 11, 1898. Confederate, Federal and Spanish war veterans, national guard troops and school children formed the parade.

Desperate Fend Battle.

Whitesburg, Ky., May 21.—On the Pike county border yesterday there was a second battle between the Hall-Fleming feud factions, resulting in

the death of Bob Rivers and the wounding of Abe Hall of the Hall faction, and the killing of Dave Moore and another of the Fleming side. The reports say that the Fleming feudists came out victors and retreated to the rendezvous on Long's creek. The Halls had been collecting a strong posse, but were not ready to strike, when a portion of their faction came upon the Fleming boys on the road. There were about 12 men engaged on the two sides, and 50 shots were fired before the Halls gave way. Last week Deputy Sheriff Bony Hall was assassinated, after having led a posse in an attempt to capture the Flemings and meeting with defeat.

MANY ARE GRATEFUL.

Callers At Headquarters of the Root Juice Demonstrators.

OFFERS WORDS OF GRATITUDE

A gentleman called at the drug store this morning and said I want to express my gratitude for what this new remedy Root Juice has been doing for me. I had a very bad stomach trouble, I was sick at times and I was in such a dreadful condition that my food would nauseate me. I would suffer days at a time with sick headache and at times my back would hurt me so bad I could not stand on my feet, but a short time I was so nervous at times I could not attend to my business. I have been taking this new remedy Root Juice for ten days, and I thank you from the bottom of my heart for my recovery. I feel better than I have for ten years. This medicine is reported to have worked wonders where all other remedies have failed.

For a short time this remedy Root Juice will be sold in Alvy & List's drug store for \$1 a bottle or three bottles for \$2.50.
